

# STOP BREXIT

Because

## Cornwall Demands Better

**Ruth Gripper**, supporting a strong and proud Cornwall at the heart of a confident and outward looking Britain.

## Combating climate change

Global warming is the biggest issue facing all of us right now.

The Liberal Democrats will invest £100 billion in measures to tackle the climate emergency and protect our environment.

In addition to planting 60 million new trees per year, our proposed new climate emergency ministry will ensure 80%

of our electricity comes from renewable sources by 2030 and we achieve net-zero carbon emissions by 2045.

Locally, Ruth Gripper is campaigning hard in support of Cornwall's climate emergency plan, the creation of a Forest for Cornwall, and to put an end to plastic in our seas.

## A fairer deal for Cornwall

Liberal Democrat MPs such as Matthew Taylor have fought hard to get a better funding deal for Cornwall and Ruth Gripper will do the same.

Nationally, a Liberal Democrat Government would invest an extra £35 billion in our health service and social care over the next five years.

We would also spend additional £10 billion reversing Tory school cuts and hiring 20,000 more teachers, so that pupils can leave school happy, healthy and with the skills they need to succeed in life.

Its time to elect our next Liberal Democrat MP for Truro and Falmouth - **Ruth Gripper**.
